# Welcome

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. ## About Webinar

The **2nd International Webinar on Pediatrics and Neonatal Care** is hosted by Scientex Conferences and will take place on November 20-21, 2026, under the theme “Exploring New Horizons in Pediatrics and Neonatal Care.” This virtual event provides participants with the opportunity to earn an e-certificate of attendance while engaging with over 50 renowned experts in pediatrics and neonatology. Explore cutting-edge technological and clinical innovations that are transforming the landscape of pediatric and neonatal healthcare.

The webinar’s mission is to bring together prominent academics, researchers, and healthcare professionals from across the globe to share knowledge and experiences in addressing pediatric and neonatal health challenges. This collaborative platform is designed to inspire innovation, foster meaningful discussions, and drive advancements in care delivery to improve outcomes for children and newborns worldwide...
